Fall River COVID-19 Update
11 Additional Residents Test Positive bringing total to 165
First fatality is reported.

(Fall River, MA- April 15, 2020)- 11 additional cases of COVID-19 have been identified in Fall River. This brings the total in Fall River to 165. The City has been notified of its first fatality due to COVID-19. To respect patient confidentiality details regarding this individual will not be released at this time. The Fall River Health Department is in contact with the individuals who have tested positive as well as their contacts. These individuals are in isolation and quarantine.

We continue to encourage residents to practice social distancing. This means keeping a distance of 6ft between individuals. Continue to wash your hands on a regular basis, clean and disinfect frequently touched surfaces, and stay home as much as possible, especially when you are sick, and wear a face covering when out in public. These measures will help to limit the spread of COVID-19.

Information regarding the City of Fall River’s response to COVID-19 can be found on the City’s website at https://www.fallriverma.org/department/corona-virus-information/. The website is updated daily. Information can also be found on the City’s Facebook page.
